Email - glamorgananglersclub@clubmate.co.uk

Membership Secretaries Report – Paul Addecott:

Our membership over the past few years has been very healthy, with well over 1000 members. We could not manage or sustain this sort of numbers without Clubmate, which although we have had a few issues with, this is now the backbone of our membership renewals and new memberships.

From the 1st December GAC will be "Going Digital", which will mean that if you do not want a physical card, you can use the digital card on your Dashboard for your Membership ID Card. There is however a requirement on the members part, which is you must have the **Clubmate App** on your device that you take fishing and once logged in, you must not log out of Clubmate. The Digital licence will automatically be issued on renewal and will be visible on your Clubmate App dashboard (see page 8 for n example) which will work even if there is no phone or 4G/5G signal.

If however you would prefer to have a physical card, the option will be available during your renewal and all you need to do is click on the button for a physical card. Please note that Clubmate charge for a card to be actioned, printed and posted, but we have agreed a fair price for this service – an extra £5 will be added to your licence cost.

If you do decide only to have the Digital option, obviously there is no additional charge, but **it will be your responsibility to ensure you stay logged in to the Clubmate App (check before you go fishing that it is logged in)** and to show any Bailiff or Member your current membership.

Over the past couple of years we have been on Clubmate, we have requested that your profile photo is a passport type photo, which is basically a head and shoulders photo, but unfortunately a number of members have ignored this request and have photos such as their dog, a wedding photo with multiple faces, a fish and a number of other shots. These members have been contacted and some have responded and renewed their photo, but unfortunately a number have ignored our requests and if they do not respond, we will have no option other than to refuse their renewals. It is not the Club being awkward, but its not fair on our Bailiffs, who when checking a license need to see who it is, but also Clubmate now use AI to check photos and if it's not a passport type their AI will reject it.

The renewal Portal will be open to current members from 01 12 26 and will run to 28 02 27 before we also open up to new members as well on 01 03 27. Please note that the past couple of years, we have closed both the renewals and new licences for full membership within a few weeks of opening to new members – so renew or join early. Please read pages 5 onwards for renewal & new member joining instructions.

As previous years, we will be issuing renewal & new member Club Licences in person at Garry Evans Tackle Shop, Cardiff and at Ewenny Tackle Shop, Bridgend and at Holton Road Angling, Barry – on 27 February 2027 - 9.30am to 2pm.

Taff Only members who have had their Membership for over 12 months from 01 12 26 may also upgrade to full Membership if they wish to do so.

Finally, thank you to all our members for their support of the club, which without you, the club wouldn't be in such a good position.

All Club Officials and contacts numbers can be found on the Club web site – www.glamorgananglersclub.co.uk or click on the GAC Website Icon on your Clubmate dashboard. They are now also on page 10 of the newsletter.

2026 New Years Eve Charity Event

The New Years Eve Charity comp will take place at Treoes Pond on 31/12/26 and is open to both Senior and Junior Full Members. All monies collected will be donated by the Club to Llandough Hospital Specialist Stroke Rehab unit.

Entry is £10 per Senior and £5 per Junior. There will also be a small raffle.
Book in at 09.00, draw pegs and fish 10.00 to 2.00.
One rod and keepnets are permitted for silvers. (Carp must be weighed and returned). There will be a few members walking around with scales and weigh slings to weigh Carp on the bankside.

If any member would like to donate raffle prizes, please leave at the Bailiff hut at Treoes or bring along on the day.
To book a place please Text 07804 097857 (TEXT ONLY)

Head Bailiff Report – Brian Dickman

Once again thanks to all my team who do an outstanding job keeping you members in line and protecting our waters from poachers. When you are approached by a club bailiff, they are a volunteer and give their time for free to help the club and enforce club rules please do as they ask they do a great job looking after our waters and fish stock.

There is now an Otter proof fence at Treoes. Please park carefully parallel alongside the fence. Similarly on LLantrithyd there is a low electric fence around the perimeter of the lake and car park. Park carefully to avoid hitting the fence.

As the winter Pike season is now upon us please take the time to read the club rules if you intend to fish for pike and please have the appropriate tackle and fish care equipment needed.

Litter still seems to be an ongoing issue, which I would ask you all to please take your litter home and if you find litter on any of our waters, please be kind enough to pick it up. If I find proof of any member leaving litter on any water, I will seek to have them removed from the Club.

I have again dealt with numerous questions in regard to Juniors fishing our waters. On Barry Ponds under 16's must be accompanied by a senior club member (this is a Dow rule). Minimum age for a junior member is 7 yrs. On any water it is 1 x Junior per senior club member. Juniors must fish the same peg as the senior member. Juniors between 7 yrs and 11 yrs do not require a license. 12 years to 15 they require a Junior License and an NRW Junior Rod license.

There is also an issue with the number of rigs being used that are either fixed lead or simply ridiculous and the hook sizes being used. All bottom rigs, whether method feeder, open end/Maggot feeder, Zig Rig, lead weight, they all must be running rigs and most definitely not fixed and a maximum of a size 10 Barbless hook (ALL HOOKS ON CLUB STILL WATERS MUST BE BARBLESS). I have instructed my team to undertake random rig checks, so please don't feel offended if you are asked to reel in and show the Bailiff your rig.

Finally, as has already been pointed out, would all NFG Members who are going to do an overnighter please call me and let me know where you are going the day before and please remember that no guests or non NFG Members/Club Members are not permitted to fish overnight on any of our venues.

Pike Fishing is from 1st October to 31st March

Rigs:

A lot of rigs have been found of late that are in total breach of Club Rules. Please read the rules and abide by them, as Club Bailiffs will be doing random rig checks on all waters. You can read the rules by clicking on the "Club Rules" Icon on you Clubmate dashboard. Absolutely no Bolt or fixed Rigs, all rigs must be free running from either the lead or the feeder. Strictly Barbless hooks only, no whisker Barb/ Micro Barb or Barbed hooks are permitted on any Club still water, (With the exception of Pike Snap Tackle that must be semi Barbed Treble Hooks). The Use of the "Twig"or "Magic Wand" method is banned on all waters.

If you are unsure of what a free running rig is, there are plenty of videos showing you how they are set up on You Tube.
Also please be mindful of hook sizes, a size 10 is the maximum that is permitted.

Treasurers Report – Mike Bishop

Our Club finances remain good. We have over the years built up a "projects fund" of cash to enable us to look at new waters and to undertake major projects on existing waters. We have recently dipped into this fund to pay for the Otter proof fence at Treoes. We still have a significant balance in this fund, but keep finding that the cost of purchasing new waters remains high and frequently out of our reach. As members will know from previous newsletters and at our last AGM, we have been engaged with the owners of a site containing several ponds with a view to purchasing. We had hoped that this would be more straightforward than has been proved! Numerous issues on this proposed purchase have arisen, so it has now been 17 months since we first expressed an interest. We continue to engage with the owners and various other bodies who we have to achieve a satisfactory resolution with, before we can proceed. All I can say is, this is ongoing!! Anyone who has information on possible new waters either to rent or purchase, please contact us.

With my 54 years' experience as a committee member or a Club Officer, I think I can safely say that it is a fact that even with Clubmate, organising and running a Club of this size takes a considerable effort from the Club Officials & bailiffs. We all give our time freely, we are not paid for the very considerable effort that ensures the Club runs as smoothly as possible and that we provide an excellent selection of fishing on our lakes and rivers for the membership. Please remember this when issues arise and be patient and civil to us all who undertake these thankless tasks.

Secretaries Report – Adrian Corrigan

As you all know its been a hard Spring and summer for both our rivers and ponds due to the extremely dry weather conditions, Unfortunately the club's river stretches had to be closed to members for quite a period we are very sorry to have to have done this but you will understand there was no alternative to the club. Big thanks must go to Brian for the Maintenance work done atboth Llantrithydd and Treoes over the last year, the water levels held up really well in the dry conditions considering the length of the drought. Thankfully water levels are back to normal on the rivers, But we have had a pollution incident of aviation fuel spilt into the Taff at Nantgarw, NRW have effected a clean-up in the area and there seems to be only a small amount of fish fatalities from reports we are getting from NRW and our club bailiffs. This does not mean there will be no lasting damage to the river from this pollution and NRW are monitoring the river and are keeping us updated.

This summers 48Hr Charity Event was another fantastic weekend when the temperature soared to 32degrees big thanks to Paul and Richard for doing an outstanding job as usual, also thanks to everyone who helped on the weekend and the members who fished. £4,000 was raised for charity £3,500 going to Llandough Stroke unit and £500 to a local young person to help with health care. The senior winner was Jason Woodman with 691lb and the junior winner was Jason Powell who also took the biggest fish and best specimen with a 20lb grass carp.

The ongoing Reed control at the Barry ponds continued this Autumn with most swims on both ponds having the reeds cut back thanks to all involved - Dan for risk assessments, Paul for overseeing the work and Alex for cleaning up the floating debris.

Thanks to all members who turned up to club work parties over the last 6 months, the turn outs have been great to see. It really helps the club if members assist with work parties, long may it continue. Huge amounts of Lillies have been removed from Pysgodlyn Mawr over several work parties this season. In addition, NRW have now removed even more Lillies opening up the swims on the far bank that had become choked and unfishable. A quick reminder All catfish caught at Pysgodlyn Mawr must be removed and under no circumstances returned. Also Pysgodlyn Mawr is open to the public please be tolerant of dog walkers, Horse riders and members of the public unfortunately some of which can be very inconsiderate to Anglers to say the least.

Chairmans Report – Richard Turner

It looks as though the Summer drought is well and truly over, with the rivers getting a good flushing (flooding?), hopefully to leave them in perfect condition for some early November fishing.

I hope you've all been able to enjoy the Summer's fishing, whichever waters you've been fishing, or fish you've been targeting. As always, our contractors have been doing a sterling job of maintaining our waters and stocks, in particular with the recent construction of the otter proof fence at Treoes and the removal of lilies at Pysgodlyn and reeds at the Barry ponds – Thanks to Brian, Jack at JS Fisheries, the Truxor people and to everyone who has helped with the various work parties.

Unfortunately, we had to delay this year's Wye Cup due to the low water levels, but hope to hold it before year end. Of our other annual events, over £4K was raised at the 48-hour event, all in aid of Llandough Hospital stroke unit and we had a really successful pike day at Treoes with 16 attendees including 5 very enthusiastic juniors, each of whom landed fish. Thanks to the PAC for the loan of "Gert" the demo pike (See below!)

Paul and I are now working on the New Year's Eve comp so if you have any unwanted tackle etc you know where we are!

Thanks to all of you for your continued membership and to my fellow committee members for their work time and work to what is hopefully a highly enjoyable fishing club – Tight Winter lines to all

Juniors Group – Matt Clarke

It has been another great year for the Junior Angling Section, with positive numbers at every event. Thank you to all the juniors who joined us and helped make each occasion so enjoyable. A big thank you also to the parents, grandparents and carers who brought the juniors along and supported them throughout the year.
Next year we're planning to try a new style of events, while keeping the same fun and enjoyment that make our days together so special. We're looking forward to seeing you all at the Christmas competition at Treoes. And there may even be a special visitor… but will Santa make an appearance? You'll have to come along to find out!

Coaching Report – Ian Lewis

We are looking forward to a full program of coaching this year. If there are any schools wishing to take part please pass on my contact details.I have had interest from a charity group called Pathfinders Cymru for Friday 13th June at Treoes. Coaches please put this in your diary.

Disabled group.
We have a full program of disabled matches this season. To scotch any rumours that someone has been spreading - the committee is NOT thinking of cutting out disabled comps, but trying to get more disabled anglers to take part.

Lady's comps
Donna McIlroy is trying to revive the lady's section of the club these comps will be run in conjunction with the junior section as we have as many girls fishing the junior comps as boys, which is nice to see that the club can be all inclusive.

Glamorgan Anglers Club – Licences Newsletter for the Year ending 31 March 2028.

As Clubmate have updated their software, please read this newsletter very carefully as it contains all the information you need to renew your membership for the 27/28 season and from 1/03/27 how to join the Club as a New Member.

Existing members from the 26/27 season can re-join the Club for the 27/28 season either online (through Clubmate) or by post (form attached) from 1/12/26. These existing year ending 31 March 2027 members are guaranteed a year ending 31 March 2028 licence as long as they re-join before 28 February 2027. From 1 March 2027 New members will be able to join and after that date any existing members who have not renewed, will still be able to re-join, but that will be on a first come first served basis alongside the New Members. There will be a membership limit so to avoid disappointment please renew as soon as possible before 28 February 2027. Note - we reached our Full Membership limits on 1 April last year and after that date our Full Memberships closed. Details of joining for New Members is on page 2 but please note that these New Full memberships will not be available until 1/03/27. River Taff, Ely & Cardiff Bay (ONLY) new memberships are available all year.

Existing members who have a year end 31/3/27 licence can re-join for the ye 31/3/28 from 1 December 2026 as follows:-

1.**Online through Clubmate** it is not a complicated process, it is a logical process, read the words below to renew:-

- Go to https://glamorgananglersclub.clubmate.co.uk and enter the email address you are registered with, then your password. If you cannot remember your password, click on “forgot password” and a one-time passcode will be sent to your email address (valid 15 mins), you can then reset to a password of your choosing.
- That will take you into your personal GAC Dashboard (see page 3 for photo of what your Dashboard looks like). Note that the various software changes that Clubmate have made this year means that the process of renewing has altered from last year – follow the instructions below.
- **IMPORTANT** – because Clubmate licences are now Digital, it is crucial that your photo is an up to date clear headshot passport type photo. WE DO NOT WANT A PHOTO OF YOUR FULL BODY or with A DOG or with A FISH or WEARING A HAT OR SUNGLASSES OR ANYTHING OBSCURING YOUR FACE. WE WANT A CLEAR RECENT PASSPORT TYPE HEAD SHOT (its fine to take this on your mobile). You can see your current photo from your dashboard and if it is not as above, you MUST email (with your name and address) a correct photo to membershipGAC@outlook.com (please CC your email to treasurer@glamorgananglersclub.co.uk). Do not try to email an attachment from your Comms tab as Clubmate cannot carry an attachment and you cannot rejoin until Paul or Mike has updated your photo and emailed you to say it is updated (if you do this before you rejoin, we will change the photo for free). If your photo does not comply with the above and you have purchased a licence, your licence will be invalid and will be frozen until a time that your photo is correct. Incorrect photos and changes to your membership after purchasing a licence will be charged at £10 Admin Fee payable in advance.
- After ensuring your photo is valid, on your personal Dashboard (underneath the 3 large icons) click on “Manage my Membership” where you will see your current membership and from 1 December 2026 this will display an orange “Renew” button.
- Click on the “renew” button. and you will see a selection of licences available for your specific renewal (*** see Page 8**). Click on the licence you wish to buy for 27/28. On the next screen please carefully read the chosen licence words – they will fully describe the licence you are buying and the price. If it the licence you want, please click on “select membership”, if not, click on “back” and re-chose the correct licence (**** see page 8**).
- After clicking on “select membership”, you will be requested to update any changes to your profile, read through and alter where needed, especially note, you must complete the County box of your address and you cannot get onto the next screen until all compulsory boxes are completed. Click on “save & continue”.
- Then, on the next screen, if you want a physical membership ID card you must click on the button on the ID card so it turns purple. You automatically get a free “Digital Membership Card” that will show on your dashboard, but from this year if you also want a physical membership card, it will cost an additional £5. Click on “Continue” (***** see page 8**)
- Then follow the on-screen instructions through to the payment

- Night Fishing Group EXISTING MEMBERS ONLY – You can follow the same instructions as above to get both your NFG membership and your normal memberships on one licence, but, please when renewing, chose the RNFG licence that shows your correct category of membership (RNFG Senior or OAP/Disabled or H/W ect). When renewing, if you no longer require a NFG licence you will also have the choice of our non NFG memberships, chose the licence you want and read what it is you are buying in the next screen. If you are not currently a member of the NFG please see our Membership Secretary's report in the club newsletter to go on the waiting list.
- Renewals through Clubmate should be straight forward & logical, but any issues please email us, to **glamorgananglersclub@clubmate.co.uk** and describe your problem, we will email you back with the solution as soon as possible (****** see page 8**)
- Members who purchased Taff only tickets for 26/27 will be also able to re-join from 1 December 26 and will be given the choice of either a straight Taff only renewal (to 31/3/28) or joining as a Full member to include all of our Waters (including the River Taff) (******* see page 8)** . Follow the instructions above. New Taff only season tickets are available throughout the year.

2. **By Post to the Membership Secretary**

- The two pages on pages 11 & 12 that follow these words are the postal application form that you can use to re-join by completing and posting to GAC. Please complete all information carefully and accurately so we can find your details – if you have access to an email address please enter that on the form, as this will enable Club messages to be sent to you. You can use this form to rejoin but if you are a New Full member joining for the first time you should only use this form from 1/03/27.
- Send the completed application form with a cheque payable to Glamorgan Anglers Club Ltd (or Postal Order) to Glamorgan Anglers Club, PO Box Number 220, Barry CF63 9FZ.
- We will process your licence as soon as possible, but because of postal delays, please allow 21 days from the date you sent the application before contacting us.

3**. NEW MEMBERS JOINING** – Full Memberships for all waters will only be available from 1/03/27, until the membership is full. River Taff ONLY memberships are available all year

- You should have created your profile and uploaded a full face passport type photo when first logging in to sign up.
- You will then see your Dashboard, the first large icon – "NEW MEMBERS JOINING click here". DO NOT CLICK ON THIS ICON IF YOU ARE RENEWING YOUR MEMBERSHIP, IT IS ONLY FOR NEW MEMBERS.
- You will then see a selection of licences for you to choose which one you want. Click on the licence you wish to buy for 27/28. On the next screen please carefully read the chosen licence words – they will fully describe the licence you are buying and the price. If it the licence you want, please click on "select membership", if not, click on "back" and re-chose the correct licence.
- After clicking on "select membership", you will be requested to update any changes to your profile, read through and alter where needed, especially note, you must complete the County box of your address and you cannot get onto the next screen until all compulsory boxes are completed. Click on "save & continue".
- Then, on the next screen, if you want a physical membership ID card you must click on the button on the ID card so it turns purple. You automatically get a "Digital Membership Card" that will show on your dashboard, but from this year if you also want a physical membership card, it will cost an additional £5. Click on "Continue" (*****see page 8**)
- Then follow the on-screen instructions through to the payment

NOTES

* We have reorganised our membership categories from the 27/28 year. We now only sell the following licences - Junior (ages 12-16), Senior (ages16-65), OAP (aged 65+), Disabled (registered disabled or currently receiving Personal Independence Payment) & Husband and Wife Licences. Members with these licences will be able to fish All Club waters, any legal method, including Game fishing on the Rivers Taff & Ely. If you do go Game fishing please ensure you have the correct NRW rod licence.

** Very rarely, if you are changing your licence category, you might not see the licence you wish to change to. If this happens, please email from your comms tab in your Clubmate Profile, your name, your 26/27 licence category (Senior Coarse/OAP Game/H&W Coarse ect) & the licence category you wish to buy for 27/28 and we will email you when the issue has been dealt with and you can then renew to that licence.

*** You will automatically get a Digital licence free of charge which appears at the top of your personal dashboard in Clubmate. We are told by Clubmate that as long as you **do not** log out of your Clubmate account, a digital licence does not require a 4G or 5G signal to view so when asked for your licence by a bailiff or another member you can show them on your phone. In your joining process you will be asked if you also want a physical card which will cost an additional £5. If you chose a physical card you must carry it with you on all waters. If you do not request a physical card, you must keep your digital licence on Clubmate open when visiting any of our waters (check your Clubmate App is open and you can show the digital card to bailiffs before you go fishing). Screen shots or photos of the Digital licence will NOT be accepted and if you cannot produce the Digital Card via Clubmate or a physical card, you will be asked to leave the water.

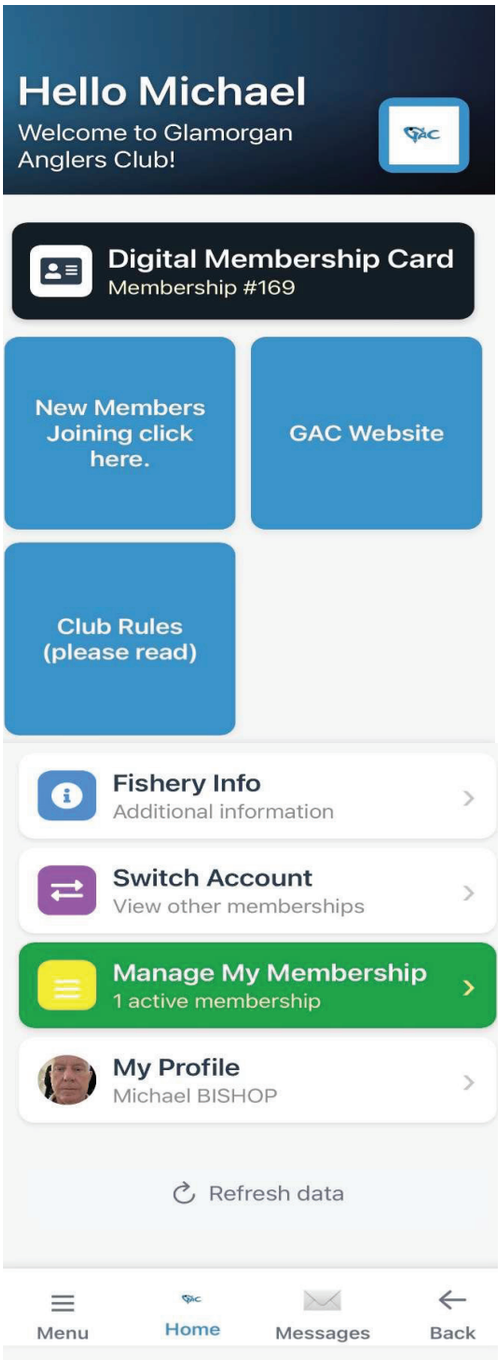

**** Any membership queries, please email us with full details to **glamorgananglersclub@clubmate.co.uk** or email to **membershipgac@outlook.com** (cc **treasurer@glamorgananglersclub.co.uk**) or by post to Glamorgan Anglers Club, PO Box 220, Barry CF63 9FZ.

***** The River Taff Only season licence purchased through Clubmate for 27/28 will continue to include the right to fish on the Club stretches of the Rivers Taff & Ely and in the designated Cardiff Bay angling locations

****** Members should note that they are responsible for their personal safety on waters and should have their own Personal Accident Insurance. By joining the Club online, members agree to abide by all club rules and are deemed to indemnify Glamorgan Anglers Club Ltd and their Landlords against all costs, claims, actions, liabilities and demands incurred by their actions. Members are reminded that fisheries can be hazardous places.

******* As with previous years, we will be issuing renewal & new member Club Licences in person at Garry Evans Tackle Shop in Cardiff and at Ewenny Tackle Shop in Bridgend and at Holton Road Angling in Barry – on 27 February 2027 9.30am to 2pm.
